

Before the Shire of Mundaring – Special Electors meeting August 12, 2019

Good evening, my name is Gwenda Smith.

I ma here to ask that Council recommend the Western Australian Planning Commission refuse Structure plan 34 (North Stoneville) because there has not been comprehensive not complete consultation with the Traditional land owners, the Wadjuk Noongar people.

In your opening address of this Electors meeting you acknowledged the Traditional Landowners and spoke of respect for the culture of the Traditional Land owners.

I stand before you as a Noongar woman and I ask that you follow your words with eh action that show your respect of the Traditional landowners, that you say NO to Structure Plan 34 for the past present and future Traditional Land owners.

Thankyou

Gwenda Smith
